

Wall Committee Recommendations

Cost is \$5.00 per frame to cover the cost of the picture and to help offset the cost of the LKC pictures/frames currently on the wall and future pictures from our 2 shows per year.

The fee will be for one year to be paid with the membership renewal starting next year. This first year will cover less than 12 full months, to get the program started.

Each paid up member may have 1 picture in an 8 X 10 frame per year, a family membership can have 2. The frame will be provided by the club and is the property of the club.

Only pictures of dogs that are owned or co-owned by a current club member will be allowed..

The name of the dog, kennel name, or family last name can be added to the bottom of the frame by the WC if requested.

The picture can be changed out every 6 months, if requested. The committee will change out the picture and return the old one to the member.

If the member does not have a suitable picture of their dog, arrangements can be made to bring the dog to the club for a picture.

All photos must be "G" rated and are subject to review and approval by the committee, if there is a dispute the board will have the final authority.

Pictures will be placed on the wall by the committee and we may re-arrange them, so each picture has a "good location and exposure". The pictures will be placed so they are convenient for all to see. (Nothing too high or too low)

The club is not responsible for any damage or loss of a photo. It is recommended that the photo be a copy and not the original .

If more wall space is needed, we will use the area to the left of the current location.

One additional picture (2 for a family membership) can be purchased for \$10.00 per year. Additional photo's may be allowed if there is space available, for the above fees.

Photos must have the members name written on the back and should be brought to the monthly club meeting. This year you will also need to bring the fee with the picture. We will hang the pictures as soon as possible.
